

You can easily put the Stand Up for Freedom Canada banner on your blog or site to encourage people to take part in the campaign against Canada's Human Rights Commissions.

To put this on your blog, copy the following onto your sidebar and change [ and ] to html tags:  
[a href="http://www.humanrightscommissions.ca/"]src=http://www.humanrightscommissions.ca/images/standupforfreedomcanada3.jpg[/a]

It's as easy as that.

Thanks for doing your part.
